

Each Yoni Steamer is handcrafted by Rob, woodworking artisan, building with only repurposed materials—using micro-hydro power at the Village Arts Co-Op, Earthaven Ecovillage in Black Mountain, NC. The steamers are finished with linseed oil and other natural, biodegradable ingredients. Currently, there are 3 models for sale. Inquire about special orders. You design it, Rob will build it!

Folding Portable Steamer made of pine (12"x12"x12") \$100

Triangular Steamer made of oak (15"x13"x16") \$75

Box Steamer with hinged door made of oak (13"x13"x13") \$175
